MOTION TO BE CONSIDERED BY MEMBERS

“That Financial Members of Macquarie Towns Motorcycle Restoration and Preservation Club with a minimum of Five (5) years’ membership, who have a motor vehicle that meets the Historic Vehicle requirements, be able to seek endorsement and approval for such registration through designated Club Office Bearers. No Club roadworthy inspections nor Club events will be planned for such vehicles.”

Moved: David Stimson; Seconded: Alan Phillips

Discussion ensued, as follows:

Kathleen Toovey mentioned some members who have continued to be very active in attending rides, despite being no longer able to ride themselves, and who may benefit from a decision to pass this Motion.

Joe Moellers asked if vehicles eligible under the CVS umbrella would also be included.

David Howe assured members that any vehicles in either HVS or CVS would be included.

Clyde Ikin spoke of his early concerns about including vehicles other than motorcycles but felt confident that the Five (5) years’ membership would obviate any risk of a change in the overall nature of this Club.

The President then put the Motion, which passed unanimously.

Treasurer’s Report:

Treasurer Clyde Ikin provided a thorough statement of the Club’s financial position – see separate page. (Details of financial transactions are available for perusal by contacting The Treasurer.)

During his general remarks, Clyde mentioned the ongoing considerable contribution of the monthly supper raffles, to the amount of over \$1,000, as coordinated by Kevin and Christine Offord and well supported by members.

Accepted: Adrian Bonham Seconded: Greg Uren

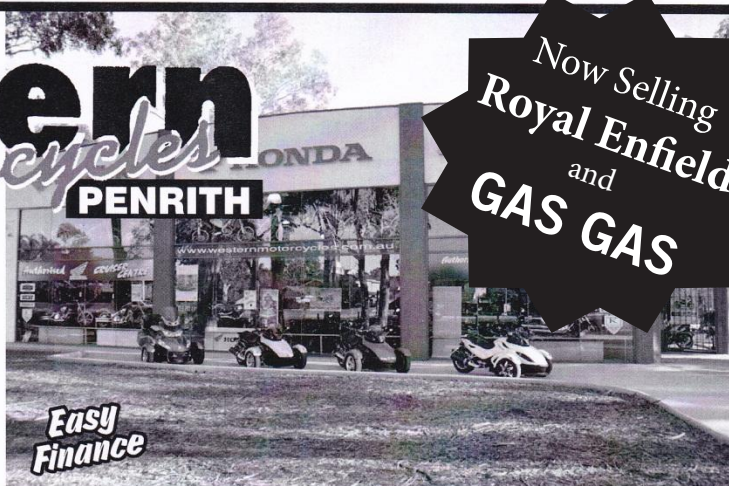

General Business: The President thanked the outgoing Committee for their efforts, particularly in keeping the Club going during the current Covid-19 Pandemic. He then asked David Howe to conduct the Election of Office Bearers.

ED'S DESK - December 2020

Well the Motogp season is done and Congratulations to Suzuki and Joan Mir as the new MotoGP World Champion...only 14 races but each one was a fight to the end and always a surprise podium at the finish. Jack Miller came home strong with a couple of 2nd places to show great form leading into 2021 on the Factory Ducati.... good luck Jack!. Remy Gardner also claimed his 1st GP win in Moto2 at Portugal with a dominating weekend on pole, he took the lead in the race with 2 laps to go and showed a clean set of heels to the finish line...well done, again, going into 2021 in good form and joining the Red Bull KTM Ajo team he will have a shot at the title on a fast bike and excellent team.

To all our Members (active or not) Merry Christmas and Happy New Year!
This year especially our thoughts turn to family, friends and relatives wherever they are. We also remember those no longer with us and this can also be a time of reflection. If your out riding in this beautiful part of the world take care and if your touring around in a box please keep an eye out for motorcyclists so we can all enjoy this festive season and the New Year, happy and healthy. Ed.

SOME STORIES FROM 2020

During the past few months, restrictions (those imposed by Government and those we impose on ourselves) have kept many of us away from the company of others in the Club.

Rides have been “trimmed down” in order to make it easy for everyone to remember when and where to meet; 10am McGraths Hill McDonalds has worked well for us but has also been popular with many other small and large groups (with 2, 3 and 4 wheels) as a starting point.

Many of our tours, both weekend and weekday, have followed rather similar roads, but Rod, Peter and I have tried to introduce something a bit different each time to keep riders interested. It will be nice to go back to a plan where rides can start from and head for a greater variety of venues, sometime soon. We probably will need to continue to take contact phone numbers for a long time – but that’s not much of an imposition, is it? Most of the places we go to eat have very flexible arrangements for listing contact details (especially for those dinosaurs amongst us who can only scan QR codes if the old phone is fully charged!). Thanks to those fellow participants who have added our details along with their own, to help out, when needed.

It’s been great to meet a couple of new members recently – Mike Powell and Les Carpenter – who have very quickly fitted into whatever company they find themselves in, on random occasions.

With the New Year approaching, we hope to have a more normal (or at least Covid-normal) arrangement for rides. If you are not already on Facebook, or if you’re not on the Email Event Updates list, now would be a good time to join in! If you’re not electronically connected, why not see if someone in your household (or even a trusted neighbour) can be an electronic contact for you? That way, planners of events have a better chance of getting information to all members, quickly.

Hope to catch up with more of you soon, as restrictions are eased.

Kathleen Toovey

EVENT REPORT - Another Ride - November 2020

Sunday 8 November 2020

Once again, early arriving members of this club were hemmed in with dozens of other motoring enthusiasts (with 2, 3, 4 and more wheels) at the meeting place at McDonalds McGraths Hill. Gradually other groups faded away and we were left with about 10 Macquarie Towns riders/drivers/passengers for the day's outing.

While Trevor isn't allowed to ride – or drive – for a short period, it seemed easier for me to lead the trip from the honey-coloured Toyota Cressida (which should be easy enough to spot if back markers got caught in traffic anywhere). Trouble was, quite early in the piece a couple of very large and slow-moving utes got in front of Albert and Peter in the Jag, which resulted in an unintended detour. The other problem occurred when an unusually short traffic signal sequence kept a few participants caught at another turn off (and who hadn't heard me say "Cross the M4"?) so arrival at our pre-arranged table at Paddles Restaurant in Nepean Rowers Club was a bit elongated.

Anyway, we all turned up for lunch and ate heartily as well as sharing more of the usual delightful chats with fellow members. Thanks for coming, everyone, and let's hope for a better leader next time!

(above - left to right) Brand new member Michael Powell, his Godfather Garry Appleyard, Ray Stanfield (signing on) and my passenger Trevor Toovey. The other motorcyclist in view was with another group.

COMING EVENT - Five Towns Ride - 2020

2020 FIVE TOWNS RIDE SUNDAY 13TH DECEMBER 2020

8:30am for 9am departure

Pitt Town Sports Club

Old Pitt Town Road

As usual, we will use this Annual Ride to visit the Five Towns established by Governor Lachlan Macquarie in 1810 (and after which our Club was named) Pitt Town, Wilberforce, Richmond, Windsor and Castlereagh.

The ride will finish with light morning refreshments at a mystery location not far from one of these Towns.

Due to ongoing restrictions, we will not be able to land at a member's home, this year, but will end somewhere more public with ample space for parking and chatting in the shade.

You may like to stay on for some more substantial refreshments

(at your own expense) if you're not in a rush to attend

some other social event.

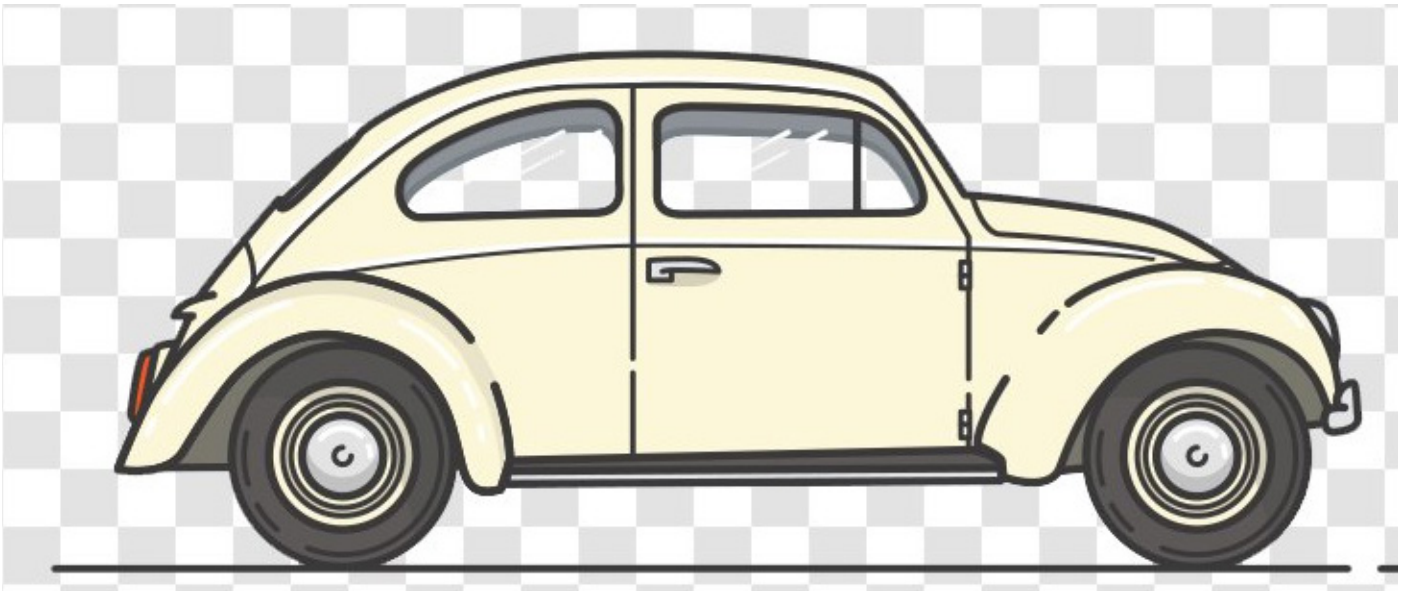

Please remember to remain adequately hydrated!

Would you be willing to stand on a corner as a marshal?

If so, please phone or text Kathleen on 0423 692 802.

CLUB PLATES REGISTRATION - Cars...How to?!

In a up coming issue we will be discussing how to regisler your car with club plates. There are plenty of questions and the answers are hard to find. We can discuss this and more at our next club meeting so get your questions sorted and lets see if we can get your answers. Stay tuned and we will hopefully provide the answers you need to get your car onto historic club plates.
